

Carla Daniels, Programs Co-Chair

Carla Daniels serves as the first HUB Coordinator for Wake Tech Community College. In this new role, she works closely with project managers and facilities staff to support minority, and women owned businesses in contract and purchasing opportunities. Her responsibilities include community outreach, technical assistance to HUB firms and providing firms with information on project bid opportunities.

Prior to joining Wake Tech, Carla served as the Business Development Specialist in the NC Department of Administration's Office for Historically Underutilized Businesses. In addition to identifying bid opportunities for HUB certified firms, she provided one-on-one technical assistance to firms seeking certification and business development services.

Carla is a native of Raleigh and earned a bachelor's degree in Social Work from Meredith College. She is involved in several advocacy groups that support the minority and women owned business community: Programs co-chair of the MWBE Coordinators Network, Advisory Council member for the Women's Business Center of NC, Board Member with United Minority Contractors Association of North Carolina, and Board Member with the Hispanic Contractors Association of the Carolinas. Carla is a member of the American Contract Compliance Association and earned her CCA in 2019.
